ARMY IN BAD SHAPE.

Washington, June 24.—Congressman Lacy of Iowa, who has just returned from Chickamauga, says that out of the 45,000 troops there only 16,000 are armed and equipped, and in some instances the men mount guard armed only with sticks. He says the greatest complaint is against the ordnance department, which, although it claims that the arsenals are stored with guns, fails to supply the necessary arms. Lacy says there has been no target practice for two months because of lack of ammunition.

FIRST RAILWAY IN ALASKA.

Seattle, Wash., June 24.—The first mile of track of the first railway in Alaska was laid at Skagway on 15.

DEADLY TYPHOON.

St. Petersburg, June 24.—Information has just reached here to the effect that during a recent typhoon at Port Arthur a Chinese torpedo boat destroyer was driven ashore there and 130 men were drowned. The Russian warship Sisso Velyki (Sisso the Great) was also damaged during the same storm.

MOVED AT MIDNIGHT.

Postmaster Mason Steals a March—Moved the Post-Office.

The Mayfield Muddle Settled at Last—Occasioned Lots of Trouble.

The postoffice removal muddle at Mayfield, which has been agitating the people of the capital of Graves for many moons, was summarily settled in a manner little expected. During the dead hour of night—about 12 o'clock—the postoffice was moved from its wonted location to another part of the block, in the place the happy crowd didn't want it.

The affair had created no little trouble there, and the government authorities sent an inspector there two or three times before the location was finally decided upon. The postoffice is supposed to bring business to the part of the town in which it is located, and that is one reason some opposed its being moved.

The postoffice is now located in the Park building in Mayfield.

A NOVEL WAY TO GET RICH

What a County Merchant Has on Sign in Calvert City.

There is a country merchant at Calvert City who has one of the most unique signs on his store ever seen. The store, or the building in which it is located, looks like it is about to fall down and the merchant, in order to enlist public sympathy and get a cinch on the local trade, has painted the following sign on the dilapidated structure:

"Good people, I want to build me a new house and I want you to give me a boost by giving me your trade."

OFF TO MANILA.

Spain's Famous Cadiz Fleet Is Sailing Towards the Philippines—Sighted Near the Island of Sicily.

HOBSON AND HIS COMRADES ARE WELL.

Admiral Sampson So Notifies the Department of State Today—Believed He May Bombard Morro Castle Today.

SECRETARY LONG COMPLIMENTS LIEUTENANT HOBSON

WASHINGTON, June 24.—Consul General Grellet, of Algiers, cabled the state department this morning that the English ship Hampton on Wednesday sighted a Spanish squadron off Pantelleria sailing east. Squadron included fifteen ships, including several transports loaded with troops and three torpedo boats. Four vessels have joined the squadron since it left Gibraltar. There appears to be no doubt but that the fleet is going to the Philippines. Pantelleria is an island in the Mediterranean sixty miles from Sicily.

HOBSON COMPLIMENTED.

WASHINGTON, June 24.—Secretary Long has sent a letter to Lieut. Hobson commending his heroism in the sinking of the Merrimac.

LIEUTENANT HOBSON IS WELL.

WASHINGTON, June 24.—The navy department received a dispatch from Admiral Sampson this morning, saying that under a flag of truce he has learned that Lieutenant Hobson and his men are well. They are confined in the city of Santiago, four miles from Morro castle. The officers believe Admiral Sampson will bombard Morro today.

BUYS THE NORSE KING.

Baltimore, Md., June 24.—The British vessel Norse King has been sold to the government for use as a water boat. It has sailed for Norfolk.

OFFICIALLY CONFIRMED.

Madrid, June 24.—An official dispatch received by the government here today confirms the landing of the Americans at Santiago. The dispatch says that the bombardment lasted three hours.

RIDICULOUS

The Story That South American Republics Will Combine Against Us.

Washington, June 24.—The officials of the state department pronounce the story of the combination of the Spanish speaking South American republics against the United States as ridiculous in the extreme. On the other hand these republics are on the most friendly terms with this nation, and have so shown themselves since the war began.

JULY NINTH.

The Date That Congress May Adjourn—Hawaiian Question To Be Settled Monday.

Washington, July 24.—It is thought by leading republicans that congress will adjourn on July 9. An agreement on the Hawaiian question is expected next Monday.

BIG COAL STRIKE.

Several Thousand Miners Lay Down Their Tools. Serious Trouble May Result.

Sharon, Pa., June 24.—Between four and five thousand coal miners are now on a strike on account of the wage scale. The miners are in camps, while the mines are guarded by armed deputies.

KISSED THEM.

How Admiral Cervera Showed His Admiration for Hobson and His Crew.

New York, June 24.—A dispatch to the Press from Albany, N. Y., says according to the story related by James Myers, of the flagship New York, in a letter to a friend in Troy, Admiral Cervera kissed Hobson and his associates of the Merrimac for their bravery. Mr. Myers' letter, in part, follows:

"Hobson and his men fought bravely to cut their way back to us, killing many Spaniards, but the tide

was too strong, and they were carried shoreward and taken prisoners of war.

"The Spanish captain of the Cristobal Colon came to this ship bearing a flag of truce, and told the Admiral that all our men were alive but without clothes. We sent them clothes, provisions and money. He also said that our men fought like demons and killed many of our men; that the Spanish admiral said he never saw such bravery, and kissed everyone of them on the forehead."

ANOTHER DELAY.

The Third Manila Expedition Is Stalled Again—Transports Hard to Arrange For.

San Francisco, June 24.—The third expedition for the Philippines, which was scheduled to leave Monday, will probably be delayed until Wednesday. The slow progress made in arranging for transports is the cause assigned.

A DISABLED BOAT.

New York, June 24.—The torpedo boat Morris arrived from Newport this morning with a broken piston. Five days will be required for its repair.

WANTS A REAL FIGHT.

Chicago, June 24.—Frank Girard, the noted pugilist, has enlisted in the Second Illinois volunteers.

SPEEDY TORPEDO BOAT.

Seattle, Wash., June 24.—The torpedo boat Rowan today made 25 knots an hour on her trial trip.

THAT WHIPPING CASE.

The case against Mr. and Mrs. N. F. Gardner, of the county, for whipping an adopted boy, was tried in Justice Settle's court today. It was called in the forenoon, and the testimony was all in before noon. The preponderance was in favor of the defense. Both Mr. and Mrs. Gardner claimed that they never brutally beat the boy, but acknowledged that they sometimes corrected him just as they would their own child. The boy of course swore different, but there was nothing to corroborate him but mere circumstances. He had marks, but could not prove that they were inflicted by defendants. People in passing had heard him scream but there was no evidence to show that he had been subjected to any brutal treatment. The defendants and their daughter, on the other hand, testified that the boy had never been mistreated.

The arguments were concluded this afternoon and Justice Settle reserved his decision until tomorrow.

SANTIAGO CAMPAIGN.

General Shafter Is Preparing to Capture the Doomed Cuban City—The Spaniards Are Falling Back.

CHICAGO, June 24.—A Washington special to the News says information has just been received that the Spaniards have been driven back from the woods about Baiquiri, and the last of the American artillery is now ashore. The march to Santiago will begin immediately. Twenty-five dead bodies and fifty wounded Spanish soldiers have been found in the positions carried by General Shafter since the landing of the army. No American has been killed. The Cubans are driving the Spanish troops into Santiago. The insurgents are distinguishing themselves for fierce guerrilla fighting.

MORE REINFORCEMENTS FOR SHAFTER.

WASHINGTON, June 24.—General Shafter has been ordered to send the transports back to Tampa as rapidly as unloaded, in order to take troops to Porto Rico or Cuba, to which point depends on the result of the Santiago campaign. The Ninth Massachusetts, two battalions of the Thirty-fourth Michigan volunteers and the remainder of General Duffield's brigade, now at Camp Alger, leave tonight for Newport News and will sail from there to Santiago at once. It is semi-officially stated that the government has secured seven transatlantic liners for use as transports. The Eighth Ohio and First battalion of the Sixth Illinois have been ordered to leave Camp Alger this evening for Newport News. They include 1,300 men. Private Schenck, of the Third Tennessee, died today at Camp Alger, of pneumonia.

YESTERDAY'S SUCCESS.

OFF SANTIAGO, June 24.—Lawton's brigade of four thousand men yesterday occupied the town of Jaraguá. A thousand Spaniards evacuated the place. Several Cubans were wounded in the skirmish.

TO SANTIAGO.

The Army Hospital Ship "Relief" Will Sail Early Next Week.

Washington, June 24.—The army hospital ship "Relief," which is now in New York, is expected to leave that place for Santiago de Cuba some time next week, in charge of Major George H. Torney. The vessel is to proceed directly to Santiago, and upon her arrival the surgeon in charge is to report the fact to the commanding general at that point. The ship is to be anchored in a safe harbor at such a point as may be designated by the commanding general, and as near as possible to the seat of active operations. The sick and wounded men of the army and navy are to be received on board to the full capacity of the ship and cared for just as if they were in a general hospital. The surgeon is to issue medical supplies, upon properly approved requisitions, to the troops in the field, and he is to do everything in his power to aid the medical officers with the troops in providing for the comfort of the sick by the issue of ice, hospital stores and such delicacies as may be at his disposal.

SPAIN EXCITED.

News From Santiago Most Discouraging—A Cabinet Crisis Expected, and Trouble May Occur in the Cortes.

SPANIARDS ARE TALKING ABOUT PEACE.

General Campos Says He Would Be Ashamed to Surrender Cuba With 150,000 Soldiers There.

GENERAL MERRITT LEAVES NEXT WEEK FOR MANILA.

MADRID, June 24.—The latest news from Santiago has created most profound alarm. The attacks made by prominent party leaders on the government in the chamber of deputies have also created a powerful impression on the public mind. Lively scenes are expected at the closing of the cortes to day. It is reported that a cabinet crisis has been reached.

SPANIARDS TALKING ABOUT PEACE.

MADRID, June 24.—In the Chamber of Deputies yesterday Senator Robledo delivered a most powerful speech and advocated the opening of direct negotiations for peace with the United States. That was the only plan to adopt he said, if the government wanted peace, for the Powers would want a broker's commission in the form of territory if they undertook to effect a peace settlement. In the senate General Campos said that he would be ashamed to abandon Cuba with one hundred and fifty thousand Spanish soldiers there, exclusive of volunteers, prepared to resist any attack of the American forces.

FALL OF SANTIAGO PREDICTED.

BAIQUIRI, June 24.—The fall of Santiago in the next ten days is predicted by one of Shafter's aides. The Spaniards are evidently determined to remain in trenches near Santiago and to await the attack there. Thus far they have refused every attempt to draw them out. Such being the case the battle will be fought at Santiago, instead of some point between that city and Baiquiri.

AN AGREEMENT WITH FOREIGN POWERS.

WASHINGTON, June 24.—It is stated here today that an understanding has been reached with the foreign powers that if it is necessary, to protect the consulates and foreign residents in Manila, Germany and the other powers may land marines with the permission of the United States. But these marines must be withdrawn when their presence becomes unnecessary to protect their interests.

MERRITT WILL TEAR HIMSELF AWAY.

Albert Johnson and Jim Turley, colored, were arraigned in the police court this morning on a charge of flourishing deadly weapons. They are the young bucks, it is alleged, who went on the colored excursion last Sunday and drew their pistols, to be smart, immediately after the boat left the wharf. The case was continued.

An immorality charge against Joe Marshall and Dora Sansberry was continued.

Frank and Tiny Martin, two small boys, were charged with tearing down signs and bills from various boards about the city. Owing to their size, they were dismissed with a reprimand.

The case against Robert Hays, for refusing to pay his fare on a street car, was continued. Howard Johnson and Frank Minor were charged with creating a disturbance at the colored Odd Fellows' hall, and were fined \$5 and costs each.

The elder Lister is only about \$5,500,000 shy as a result of the Napoleonic propensities of his son. By the way, we have heard nothing lately of Joe Lister's chin.

GROVER CLEVELAND is not living altogether in vain these days. He has at last agreed with W. J. Bryan and free silver papers are giving his last speech preferred position on their editorial pages.

The appellate court of Kentucky evidently wants to tote fair. It gave the decision in the judicial district redistricting case to the Republicans and the Bronston-Palca Commission case to the Democrats.

The Fourth Kentucky, Col. Colson commanding, will be recruited entirely from the mountains. Nearly every county in that section of the state will have furnished a full company when this regiment "has been mobilized."

One of the members of the Howard faction of the Baker-Howard feud in Clay county goes armed with a "special made 56 caliber dynamite Winchester." We don't know how many pounds of gun cotton that gun

carries or what its range is, but it must look like a 13-inch cannon beside a 38 caliber.

Now that the Prison Commission is a legal organization, the scramble for pie will begin in dead earnest. Every patriot who is not en route to Cuba is expected to apply for a job at once. It is understood, however, that only Bryan patriots need apply.

The Republicans of Ohio had a state convention this week. But it was so harmonious that it was positively painful to Democrats. The friends of McKinley and Hanna were not only on top, they were the whole convention. The Republicans of Ohio elected no Democrat-consorting republicans this time.

DON CARLOS must be something of a coward. It is said he refused the Spanish crown six weeks ago, and gave as a reason that he did not care to assume responsibilities until the war is over. Well, a would-be King who is afraid of war, and will not fight for his crown, is not up to the standard which the world has fixed for a King. That's all.

The friends of Col. Bryan are hard to satisfy. Because his regiment found their quarters at Omaha in a bad state of preservation, they claim it is "spite work." In other states such conditions have been laid to general incompetency, but the friends of the Nebraska wonder are so self-conscious that they think every mishap is a direct thrust at their idol.

On Wednesday two boys aged 13 and 11 years at Mayfield were playing with an old pistol and one was shot and killed. The same day in Middleborough, this state, a six-year-old boy was playing with a dynamite cartridge, when it exploded wounding the boy fearfully. And yet people will allow children to play with firearms. It does seem as if such terrible warnings as these casualties would impress a lesson on the

minds of all parents. And the above cases are but two of many.

This manner in which General Shafter goes about things is delightfully refreshing. He has the reputation of being preeminently of an executive temperament. If he could manage to dissolve that cable that now has one end in the office of the Board of Allied Strategy at Washington, he would be able to continue to use military methods in his operations around Santiago.

This new government bonds are going like hot cakes. One hundred and fifty-seven million dollars have already been taken in amounts of \$500 or less. If every subscription had been \$500 it would mean that 314,000 persons had thus far subscribed. Putting the average subscription at \$300 over 523,000 people have asked for bonds. The best known statistician of Europe places the wealth of the United States at \$81,000,000,000, by \$25,000,000,000 the wealthiest nation in the world, England coming next.

THERE are still many reports concerning German interference in the Philippines. This is likely designed to place Germany in a bad light before the American people. Whether true or false, it causes no trepidation—for we have Dewey over there at present attending to that little affair and it is not at all credible that any German commander will attempt any sort of interference. Should he do so Dewey will make a mosaic pavement in Manila harbor out of sunken Spanish and German ships. There need be no attention paid to any such rumors. The German government respects Uncle Sam and his rights.

ALFONSO has been confirmed King of Spain, before the royal family, the dignitaries, the Cabinet and the grandees. This act will in some measure relieve the Queen Regent from her arduous task. The situation she has occupied has been the uncomfortable one, "between the devil and the deep blue sea." With revolution threatened at home and loss of colonies on the other, she has been compelled to "let I would, wait upon I dare not." Maybe the young King will cut the Gordian Knot. The people realize something must be done, and that done quickly. They will most probably acquiesce in his decision.

The fact that a rifle will throw a ball 2,000 yards amounts to little, except in the hands of an expert, and then under the most favorable circumstances. Battles with infantry are not fought at such ranges. The range in ordinary fighting is less than 500 yards. If every soldier was a trained rifle shot, and he could shoot with deliberation, some little in the way of sharp shooting would be accomplished. The old time field artillery threw shot and shell 1,200 yards or over, but there were thousands of them captured in hand-to-hand fights. The best fighters make their successes in close quarters and short range. A soldier excited by battle would not be likely to hit anything—even a big barn—at 1,000 yards. They generally, and persistently, overshoot the mark. They shoot too high.

This council is a daisy. In the Eades case, a charge of bribery of a councilman, a committee was appointed to take testimony, which was done. After it was taken, Eades wrote a letter reciting that the testimony did not convict, but tendered his resignation. Instead of passing on the guilt or innocence of Eades, from the testimony which was before them, the council ordered certain lines in Eades' resignation scratched out and amended to suit their notions, and then voted to accept the resignation it had shaped up without reference to testimony, guilt or innocence. If Eades was not guilty, the council should have so declared in ringing resolutions, giving him a clear record; if he was guilty of bribery, the council should have so decided and expelled him. Why should this delectable body fix a letter resigning Eades to suit their own fancy? Eades was entitled to a clear, clean record instead of being smirched by the hands of the council. As he stands before the world, there is clinging to him the doubt whether he accepted a bribe or not. What did the council mean by such action? Did it fear to find him guilty? Did it fear to find him innocent? When the negro came to the forks of the road, one led to h— and other to d—, he said he would not take either, but took to the woods between the two. So with this council. It would not say guilty—it would not say innocent—but like the negro afraid of either and both paths, it took through the woods just between the two. And the people will keep this behavior in perpetual memory. They will not fail to note the candor and purity of the "reform council"—the Democratic council—the council whose political courage was so thin that it refused to say whether one of its members was guilty or innocent of bribery, after charges had been made, the testimony all in and the case submitted to it to determine.

SCRIPPS-M'RAE ASSOCIATION.

Remarkable Growth of a New Press Association—Now Supplies Over 150 Daily Papers.

How It Was Started and Something About the Man at the Head of It—Some "Sneeps" Secured By Its War News Service.

(The Fourth Estate.)

Upon the demise of the United Press about a year ago two new press associations sprang into existence, the Scripps-McRae Press Association and the News Publishers' Press Association.

It was soon discovered that both associations were working for the same object—the development of telegraphic news service for afternoon papers exclusively—and that the two enterprises were paralleling one another in expenditure in many particulars. An amicable arrangement was accordingly entered into to consolidate interests and stop the waste.

J. B. Shale, editor of the McKeespott (Pa.) News, who was at the head of the News Publishers' Press Association, and Robert F. Payne, at the head of the Scripps-McRae Press Association, who for a number of years had been connected with the Cleveland Press, worked together successfully, and produced a news service that, it is claimed, is second to none.

The Scripps-McRae Press Association is now supplying over 150 newspapers with telegraphic news, and its growth in one year has exceeded all expectations on the part of its founders and owners. It has become a tower of strength in the West, and has become firmly entrenched in the new field.

The Scripps-McRae Press Association was the first to announce the capture of Buena Ventura, the first act of the war; the first to announce the death of the American sailors on the Winslow, and was the first to send out the authentic account of the bombardment of San Juan.

Robert F. Payne, who is now the general manager of the Scripps-McRae Press Association, was born in Cleveland, O., March 8, 1856. He was educated in the public schools, and became connected with the Cleveland Press as a marine reporter April 6, 1879. He rose rapidly from the ranks to the position of editor, which last named position he has held for about fifteen years. When the Scripps-McRae Press Association was started, Mr. Payne was selected as manager for the new press association.

The war correspondence bureau of the association is under the direct supervision of Colonel E. S. Wright, who has been eminently successful in organizing an exceedingly efficient staff of brilliant writers.

The Scripps-McRae League, which was established by Edward W. Scripps and Milton A. McKee, and out of which grew the Scripps-McRae Press Association, consists of the following papers: the Cincinnati Post, Cleveland Press, Kentucky Post, St. Louis Chronicle and the Kansas City World. The combined daily circulation of these papers, according to the officers of the league, is three hundred and sixty-five thousand copies daily.

The prestige of the Scripps-McRae League papers is enhancing every day. War is costly to all the journals of the country, and the league papers are no exception. The Scripps-McRae League has at Atlantic and Gulf coast points, and on board ships of the fighting squadrons, an organization of correspondents, which cannot be excelled by any single paper, or combination of papers, in the country.

A BRITISH SQUADRON. Will Offset Germany's Fleet—On Its Way to Philippines—China Has Made a Mistake.

Hong Kong, June 24.—The Chinese demand that the Zailuo leave Chinese waters instantly has caused great surprise here. The Hong Kong press remarks that this high-handed act may lead to China losing a port to America willy nilly. The Mail says China seems anxious to part with more of her coast. American newspapers continue, would not stop at barren Mir Bay, but as long as she was leaving would not pause at Canton.

A British squadron is centering at Manila to offset the German force. The Bonaventura and the Plover were the last to leave here for Manila. The Germans are making no secret of their sympathy for Spain. The Americans are anxiously awaiting the arrival of the Monterey and Monarch, as they cannot command the respect necessary until they these vessels are anchored at Manila.

IN AN ASYLUM.

San Francisco, June 24.—News has been received from Paris that Lady Yarde-Buller is now an inmate of an insane asylum and that it will be impossible to secure her release for at least two years.

She is the eldest daughter of the late Gen R. W. Kirkham, U. S. A. A few months ago she was found wandering about West Oakland and after an examination as to her mental condition was discharged. She was taken to Paris, but made her escape one day and was placed in an asylum by the authorities.

Lady Yarde-Buller was born in a frontier military camp and for years was a reigning beauty. Her father was worth a million dollars. She married an insurance man named Blair and after his death became the wife of Yarde-Buller, second son of a noble English house, who a few years ago secured a divorce from her.

A DEADLY RIOT.

Oshkosh, Wis., June 24.—A serious riot occurred here yesterday as a result of the woodworkers' strike. Several hundred women, armed with clubs, rocks, eggs and sacks of pepper, gathered at the factory and waited for workmen endeavoring to enter the factory.

The police were powerless to disperse the mob, and not a man was allowed to enter the factory, even the proprietors being driven back. Non-union laborers were singled out and chased for blocks, a number of them being struck by stones and eggs.

Tourist Rates.

The Illinois Central now has on sale, and will continue the same until September 1, 1898, round trip rates from points on its lines in the South to a large list of points in the North. Its fast double daily service to St. Louis, Chicago, Cincinnati and Louisville enables one to reach quickly and comfortably the mountain resorts of Virginia, the Thousand Islands, the lake and forest resorts of Michigan, Wisconsin and Minnesota, the Hot Springs of Arkansas, the Yellowstone Park or the resorts of Colorado.

A new 1898 edition, entirely revised, and giving facts and conditions brought to date, of the "Central's" Southern and Northern routes, has just been issued. It is a 200 page illustrated pamphlet, containing a large number of pictures of the scenic spots of the South and North, and also a detailed description of the "To-morrow" or those in search of a new playground will find reliable information concerning the most accessible and picturesque portion of the South. Free copies can be had by applying to the nearest of the undersigned.

For the 4th of July, 1898, low rates of fare will be in effect between all stations on the Southern lines of the Illinois Central. Tickets are valid July 3rd and 4th, good to return until July 10th, inclusive.

Tickets and full information as to rates in connection with the above can be had of all agents of the Central and connecting lines.

Argument

Is not necessary to convince a thinking person that money is thrown away when invested in a typewriter that has not passed its experimental period.

Years of hard, thoughtful effort and continual experimenting are necessary before reaching approximate perfection in a writing machine. It is wisdom, then, for one to contribute to this cost of experiment?

Reputation Established

Years of experience, constantly increasing sales the world over—the natural result of typewriter excellence—is the unquestioned record of

THE SMITH PREMIER TYPEWRITER. When you buy a Smith Premier you obtain a writing machine that is in advance of all others in points of improvement and durability. Do not pay for the costly experiments of others. The Smith Premier passed its experimental period years ago. It now stands the leader among writing machines. Descriptive catalogue free.

STARVING AT SANTIAGO.

The Food Supply is Low and the City Cut Off From All Points to Replenish the Stores.

In Gen. Garcia's Camp, Aurren Deras, Santiago de Cuba, via Kingston, June 24.—A Cuban who left the city of Santiago on Monday night arrived at General Garcia's camp on Tuesday morning with accurate maps of the harbor and earthworks surrounding it. The ships of Admiral Cervera have moved from the position they were in three days ago, and now lie in almost a circle surrounding a small island and light-house about half way up the four mile harbor. The armored cruiser Cristobal Colon, which is uninjured, lies to the west, commanding with her port battery the narrow neck of the harbor, while the Vizcaya, also uninjured, lies to the east, her starboard battery looking down the same neck.

Both of the Spanish torpedo boat destroyers are temporarily disabled, one having been struck by fragments of the shells that sank the Reina Mercedes, and the other having her boiler tubes and engines in course of repair.

The most important statement made was in substance that the torpedo boats have not since their arrival here made any attempt to leave, being unable to do so. The ships have only half their supply of coal, although some coal arrived by overland route two weeks ago.

The shell that struck the Reina Mercedes was fired by the Massachusetts. Beyond this loss and the quite large loss of life incident to it, there was little or no damage done. The earthworks were disturbed and one smooth-bore gun was dismounted on the west battery. Seven new guns are being put up facing the sea, three of which, on the west, are ship guns of the six-inch rapid-fire variety, and automatic guns of all descriptions, it appears, are being dismounted from the ships and mounted on the earthworks surrounding the city.

A new line of trenches has been dug about a mile and a half from the city.

The Spanish soldiers, known as the regular troops, are on half rations, and no rations or supplies are furnished to the local Spanish forces, numbering about 3,000 men. They are compelled to forage for themselves.

The spirit of discontent, it seems, is very widespread among the Spanish troops, and an uprising in Santiago de Cuba is feared.

There is an absolute lack of drugs in Santiago and, finally the crews of the Spanish warships are on half rations.

GRAND TRAIN SERVICE TO WASHINGTON FOR THE N. E. A. CONVENTION.

The Chesapeake & Ohio railroad will run a special train starting from Seventh-street station, Louisville, Wednesday, July 6, 1898, which will be remembered by everyone who patronizes it, as the finest train ever run from Louisville to the National Capitol. It will be composed of modern Pullman sleeping cars and elegant day coaches and will have a dining car attached for the breakfast as the train speeds through the Shenandoah Valley and across the Blue Ridge Mountains.

This train will be known as the "N. E. A. Kentucky Special." It will leave Louisville at 3:30 p. m., Shelbyville 4:25 p. m., Frankfort 5:10 p. m., Lexington 6:05 p. m., Winchester 6:55 p. m., Mt. Sterling 7:45 p. m., and reaching Washington the next day at 11:30 a. m. All lines from the west and south of Louisville and Lexington will make connection with the Kentucky State Special.

Application for sleeping car space should be made at once by addressing:

R. E. PARSONS, D. P. A., No. 252 Fourth avenue, Louisville, Ky., or G. W. DANEY, D. P. A., Phoenix hotel, Lexington, Ky.

HARD LUCK STORIES

But There Has Been No Gold Brought Back By These Treasure Hunters.

Seattle, Wash., June 24.—Fifty prospectors who left here last spring for Alaska, by way of Copper River, have arrived here on their way to their eastern homes, with hard luck stories and no gold.

A. H. Hostetter, of Lagrange, Ind., was with 200 men who crossed Tasmian lake and reached Konaiki river. He said:

"Of the many hundreds that landed at the foot of the Valdes glacier, only one party had been further than the Konaiki, and they returned half

starved because they lost their outfit in the rapids."

The most discouraging stories are told by A. C. Brown, of St. Louis. He said about 800 men have been turned back and are waiting at Valdez for some means of getting out of the country. Some have no money, and will have to remain there until the government sends help. They will not starve, for tons of provisions have been abandoned. It is impossible to sell outfit.

There will be a barbecue and band dance at Bloodworth's park Saturday night of this week. Everybody is cordially invited to attend and a good time is assured.

The Dick Fowler was out for Cairo at 8:30 a. m.

The Sunshine is due from Memphis for Cincinnati.

The City of Clarksville is due this morning from E'town.

Capt. John Winfrey is on the P. D. Staggs temporarily.

The Annie Laurie will not get off the docks before Monday.

The little harbor boat Mary N. is lying up with a broken shaft.

The Rees Pritchard will be on the ways for about three weeks yet.

Pilot Wm. Smith took the Jacob Heatherington up the Ohio yesterday.

The towboat Defender is due up with a tow of empties for Cincinnati.

Capt. Ben Howard has taken temporary command of the steamer Mayflower.

The towboat H. F. Buchan passed down with a big raft of logs for Mount City.

The Tennessee arrived from Florence this morning and leaves tomorrow at 1 p. m.

The P. D. Staggs had a good freight and passenger business out yesterday afternoon.

The towboat R. A. Speed arrived out of the Cumberland river with a tow of ties this morning.

The river continues gradually falling here with fair prospects for it going down to the lowest ebb.

The Dick Fowler will no doubt take the nicest excursion of the season out Sunday to the cave and Golconda.

The Mayflower passed into the Tennessee river from St. Louis yesterday afternoon. She had a very light freight trip.

All the local packets were in and out on good time this morning, and business about the river was better than for several days.

The following people are a few of the number who had round trip passage up the Tennessee river on the City of Paducah this morning:

The Speed that arrived out of the Cumberland river this morning had a very light trip of ties, owing to the thin water. She will go to bank for the season now.

The City of Paducah from St. Louis arrived early this morning with very light freight receipts. She remained here for some time and departed for the Tennessee river at 8 o'clock.

Capt. Dick Morrow, who has been suffering from rheumatism for some time past, stopped off here yesterday and will rusticate for a few weeks in the hope of recovering his health.

The towboats Alice Brown and John A. Wood are out with tows of empties from New Orleans for Cincinnati. The Henry Brown is due from St. Louis with empties for this morning.

The Clyde leaves St. Louis this afternoon on her first trip in the Memphis trade. The St. Louis and Tennessee River Packet Co. will operate two boats a week between St. Louis and Memphis.

River men say they believe that river traffic will be much improved on the end of the river next season. Both packet and towboat business is expected to be of a livelier nature. Two new boats, a packet and a large towboat are being built in the upper Ohio to operate around this place.

Misses Lydia and Hulda Bermingham, Mary Gibson, Maude Holt, Stella Bermingham, Elsie and Alma Berry, Ada Becker, Wallace Staeker, Elsie and Alice Williams and Elsie Becker, Mesdames McClanahan, Sever, Himmestien, Bates and Mr. and Mrs. J. There will be lively times in the "Wild Swanee" next season and the Cumberland will be of greater importance than the Ohio, Mississippi, Tennessee, Illinois and Yazoo combined. There will be a number of boats in that trade and each doing business on her own particular hook.

The smoke from their chimneys will cause the timid yaps thereabout to think the world is on fire. It will be such an array of steamers as they never saw before and will wonder if something isn't wrong with all nature. Capt. Hyman has that steam all to himself so yet.

COLORED DEPARTMENT.

Our city superintendent of schools made one point in his address to the young men and women graduated from the public schools recently that is worthy of the consideration and approval of the graduates and their elders.

The point was that they must expect to do work and plenty of it. They must look the facts of life squarely in the face and be prepared for the emergency when it comes.

The vacation season is now with us and the question uppermost in many of our teachers' minds is, how, where and when will I spend my vacation?

Prof. E. W. Benton, whose faithful and efficient services as principal of the Lincoln school, who has been acknowledged and recognized by a reelection to the same position, will probably spend two or three weeks out of the city, hardly more. His family, however, will remain in the city all summer.

Prof. T. D. Hibbs, who was also re-elected principal of the Garfield school, will spend his vacation in the city, with possible exception of a two or three days' visit to Smithland, his old home.

It has not as yet been learned how the other teachers will spend their vacation, but in all probability two of them will, some time during the summer, be guests in Chicago.

Prof. A. P. Smith, of Metropolis, was in the city yesterday.

GEORGE A. ANDERSON.

Our "Gilly" Has Joined the Eighth Illinois Regiment.

Mr. George A. Anderson, formerly of this city, but now of Metropolis, Ill., brings news that he has given up the "Gilly" idea and has joined company K of the Eighth Illinois regiment and will, in a few days, leave for Springfield, Ill., where he will go to drilling.

This is said to be the first and only regiment of colored soldiers offered from top to bottom by colored men. Col. John M. Marshall, of Chicago, will have command of the regiment.

George Anderson, manager of the Mayfield baseball team, is in the city and was seen in regard to the expected game between the rival teams. He said it was true that his team had intended playing our boys Thursday, but that the game was postponed by request of the Paducah team, until Monday, when they expected to lock horns at Sporting park.

All members of the Barks' Chapel A. M. E. church choir are requested to meet at the church Saturday night, at which time there will be a complete reorganization of the choir.

Mrs. JAS. MARBLE.

The president of club No. 3, and the officers of the C. P. church, desire to thank the public for their liberal patronage of the concert at Friedman's hall Monday evening.

Mr. Lon Proctor will leave Sunday for a two weeks' visit to Villa Ridge, Ill. Here's dollars to doughnuts that Lon will have a good time and some good tales to tell when he returns.

There will be an entertainment given at the residence of Mrs. Flora Turner, 1111 North Eleventh street, Saturday night for the benefit of the Seventh-street Baptist church.

JOHN MCCLURE DEAD.

Mr. John McClure, aged 54, died at his home on West Washington street last night. The funeral will take place tomorrow afternoon, probably from the Washington-street Baptist church.

The funeral of Mr. Robt. Bass, who died yesterday, took place this afternoon at the residence, the interment at Oak Grove cemetery.

MOONLIGHT EXCURSION.

The ladies of the Willing Workers and Mayblossom clubs will give a grand moonlight excursion on the Bettie Owen Thursday night, June 30. There will also be given a musical concert on the boat, and refreshments will be served in abundance. Everybody cordially invited. Fare for the round trip, 25 cents. The boat will leave the wharf at 8 o'clock sharp. Committees of arrangements: Willing Workers—Mesdames W. H. Nelson, B. F. Jones, A. W. Watkins, May Blossom—Mesdames P. Marable, James Owens, May Brown.

There Are Two Ways

Of getting glasses—one to go to a first-
class optician and get what you need;
the other, to go to a merchant who keeps
spectacles and sells them so cheap, make
a "grab in the bag," as it were, get a
pair that don't fit you (although it may
seem so for the moment), and run the
risk of ruining your eyesight entirely—
all for a very small difference in expense. If you need the ser-
vices of a good optician we can serve you well and cheaply. No
charge for examination.

FOURTH OF JULY.

Preparations For the Celebration
in Paducah.

The committee that has in charge
the arrangements for a Fourth of July
celebration has arranged an attrac-
tive program. Among other things
there will be a flag raising, and an
address by Congressman C. K.
Whelan. An effort is being made to
have a joint debate between him and
Hon. W. M. Reed, his probable op-
ponent in the race for congress. It
is thought that this will be successful.
There will be music, refreshments,
dancing, barbecued meats, races, and
one of the biggest live bird shoots
ever held. The celebration will take
place at the new fair grounds.

RHEUMATISM CURED.

After eminent physicians and all
other known remedies fail, Botanic
Blood Balm (B. B. B.) will quickly
cure. Thousands of testimonials at-
test this fact. No case of Rheuma-
tism can stand before its magic heal-
ing power. Send stamp for book of
particulars. It contains evidence
that will convince you that B. B. B.
is the best cure for all Blood and
Skin Diseases ever discovered. Be-
ware of substitutes said to be "just
as good." \$1.00 per large bottle.

A NOTED RHEUMATISM CURED AND TESTI-
FIES.

I was afflicted for three years with
rheumatism of the ankle and joints
to such an extent that locomotion
was difficult, and I suffered great
pain. I was induced to try a bottle
of B. B. B. and before I had com-
pleted the second bottle I experi-
enced relief, and four bottles effected
an entire cure. Six months have
passed since the swelling and pain
disappeared, and I will state that
B. B. B. has effected a permanent
cure, for which I am very grateful.

EX-SHERIFF SUE.

An Important Case Comes Up
at Benton Today.

An important case comes up at
Benton today, before Judge Hus-
bands, in the circuit court there. It
is the commonwealth against ex-
sheriff C. H. Starks on his official
bond.

He is alleged to have failed to have
settled for about \$2000 collected, and
the case will attract great attention
throughout the county. The attor-
neys for the plaintiff are Bishop,
Hendrick and Lovett, and the de-
fendants are represented by Reed,
Greer and Oliver.

The bill of evidence and excep-
tions in the Noah Franklin case have
not yet been prepared by the attor-
neys, but will be in a few days, ac-
cording to Attorney W. M. Reed.
He expects that the sentence will be
reversed by the court of appeals.

CRUSHED TO A JELLY.

Tragic Death of Mr. Geo. T. Hart

This Morning—Killed By a
Heavy Timber While
at Work.

Was About 50 Years Old—Leaves
a Family, All of Whom Are
Well Known Here—Fun-
eral Arrangements.

Mr. George T. Hart, the well
known carpenter, was instantly killed
this morning about 8 o'clock at the
Palmer-Ferguson hard wood factory under
course of erection on South
Third street near the terminal.

He was employed on the force of
carpenters, and at the time of the ac-
cident was sitting astride a large
piece of quartered oak sawing the
corner off. The frame work to the
factory is of heavy timber, and near
him a big oak post weighing 600 or
700 pounds was standing, ready to be
fastened. Workmen were preparing
to hoist a cross beam with a derrick,
when in some manner the post that
was standing toppled over. The top
of it struck Mr. Hart with terrible
force on the back of the neck and
head, and when he fell over the huge
beam crushed his skull like an egg
shell against the beam upon which he
was sitting.

Several horrified workmen saw the
accident and rushed to the unfortu-
nate man's assistance. He was picked
up and carried about fifty feet away,
but was practically dead, only gasp-
ing a time or two after they reached
him.

He never spoke when the beam
struck him, and had been sitting there
at work only a few moments.

The beam as it fell narrowly
missed one or two others.

The head of the victim was horri-
bly mashed, and his neck was broken.
The beam, after it crushed his head,
fell across his arm.

A large crowd was on the scene,
and Coroner Phelps was called to
hold an inquest. The verdict was that
he was accidentally killed while at work.

The deceased was born and raised
in this county, and was one of the
best known men in the city. He
formerly kept a boarding house on
Broadway, near Fourth street, in the
old Maxwell house, and at different
times ran a grocery at Fifth and Jeffer-
son streets and at Third and Jeffer-
son, and subsequently kept the
Hart house, where the Commercial
house now stands, at Third and Jeffer-
son.

He was about 49 or 50 years old,
and leaves three children, two daugh-
ters and one son—Miss Nora Hart,
Mrs. Minnie Elmore, wife of Mr.
George Elmore, a well known tele-
graph operator of Memphis, and Les-
lie Hart, a member of Co. K, of the
Third regiment. He left here with
the soldiers when they went to Lex-
ington.

All his family is well known in Pa-
ducah.

Mr. Hart moved his family to
Memphis some time ago, but soon re-
turned here, and since boarded at the
Champion house, on Court street
near Third. His two daughters were
in Mayfield this morning, where they
went last Sunday on a visit. They
were notified and are expected this
afternoon. Messrs. Jack and Char-
lie Hart are nephews of the deceased.

The deceased was a member of the
First Baptist church, and the funeral
will be conducted by Rev. W. K.
Perrot, of that church. The time
had not been set this afternoon, but
the burial will likely take place to-
morrow some time. The daughters
of the deceased arrived this afternoon
from Mayfield. It is understood
that Mr. Hart was a member of the
Odd Fellows, and perhaps of some
other secret order.

NOTICE.

Roland Smith wishes to inform his
friends and the public in general that
he is prepared to mend shoes on short
notice. Call on him at 118 Clements
street.

THE SEWERAGE.

The big ditch on Court street be-
tween Third and Fourth, which was
filled after the sewer pipe was laid, is
now being worked in order to have it
sink low enough for them to repair the
water pipe, without further danger of
it breaking. There is a small sized
lake almost in the center of the
street, which will likely have to be
pumped out.

LIVE BIRD SHOOT.

The gun club will hold its regular
shoot at LaBelle park next Monday
afternoon, and a large crowd is ex-
pected.

Preparations for a live bird match
are now being made. It will be held
at the park on July 4, and the club
is desirous of buying 250 pigeons by
that time.

It is hoped to make this shoot one
of the biggest ever held.

MEN OF MODERATE MEANS

Need no longer regard tailor-made clothes with fear and trembling.
Dalton now makes clothes in his own shop, here at home—makes the
clothes right, makes the bill right. It costs but a trifle more to wear
garments that fit than those that a most fit. The acme of style and
workmanship is ours. Drop in at 333 Broadway and see about that
belated spring suit. You'll be glad you waited—it'll cost you so little.

Hon. W. M. Reed, of Benton, who
has been called to become an inde-

First district, was in the city today,
and was seen by a reporter and asked
what he intended to do.
"I do not know," he replied. "I
have been busy attending court at
Benton, and have not had time to think
the matter over. I am inclined not
to run, but would not say that I will
not run."

This is all the well known lawyer
would say in regard to the matter.

FLAG IS STILL.

The flag in Weille's window has
stopped waving. The electric fan
which kept it fluttering in the arti-
ficial breeze was taken out of the win-
dow this morning to be put to better
use, and the sign which said, "This
flag will wave until Uncle Sam flicks
Spain," has vanished. The flag had
been busy so long, day and night,
that it was worn almost into shreds.
